

# OTHER LEARNING OPPORTUNITIES

## **Fryberger Outdoor Experience (formerly MORE Program)**

A program that is designed to promote teamwork, leadership skills, and the Marshall core values of compassion, integrity, intellectual curiosity, and self-discipline, the purpose of the Fryberger Outdoor Experience Program is to improve student interest in the environment of Northern Minnesota and provide a link from classroom experiences to the global world. The program emphasizes experiences that are educational, instructional, and helpful to the total development of the Marshall student.

## **Advisory Program**

The Marshall Advisory program aims to promote a sense of connectedness and belonging among students and teachers. Advising is one way we strive to remain true to our mission: “to educate students to become global citizens who demonstrate strong academic habits, respect, compassion, integrity, self-discipline, and intellectual curiosity.” Students meet daily with a faculty advisor to explore topics important in the life of adolescents. The faculty advisor serves as a mentor and advocate for students in the group, providing an effective and friendly way to provide academic support. Advisors lead students in conversations about character development and actualization.
